Will of Josi Fine, deceased, admitted to probate, and Daniel Whitlatch named administrator without bonds.

Final account of Mrs. Mary Dodge Riedy, administratrix of the estate of Cornelia G. Ohm, deceased settled and allowed.

Petition for letters of administration on estate of B. L. Cook, deceased, continued to August 5.

Bane Estate Company vs Connecticut Fire Insurance Co., order made allowing A. B. Ware to sign answer

In real estate David Walls, deceased, family allowance in sum $100 after Mrs. Elma R. Walls had testified.

John Johnson vs. August Gustafson decree quieting title granted.

Judge Emmet Seawell marked his return to duty after several week's vacation by the naming of several sets of viewers in estates now before the probate court. The appointees were as follows:

Estate of Pauline Keser—George J. Reading, N. A. Pfister and R. Gilbert.

Estate of Robert A. Macken—L. W. Burris, Frank M. Burris and John S. Taylor.

Estate of Guy E. Grosse—H. L Tripp, H. M. Spencer and J. C. Mailer.

Those who have stomach trouble no matter how slight, should give every possible help to the digestive organs, so that the food may be digested with the least effort. This may be done by taking something that contains natural digestive properties—something like Kodol For Indigestion and Dyspepsia. Kodol is a preparation of vegetable acids and contains the very same juices found in a healthy stomach. It digests what you eat, sold by L. S. Simmons.

If fashions did not change, woman would be almost as uninteresting as man.

WARNING

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

SULPHURING OF FRUITS

Will be Permitted if Reasonable Care is Taken.

Congressman Needham of Modesto, has received advices from the Washington authorities settling the uncertainty in fruit circles caused by the recent ruling of the pure food commission that fruit which had been cured by the sulphur process was under the ban of the pure food laws. Following is the telegram of the department of agriculture to Congressman Needham:

"Answering your telegram, Mr. Griffin, accredited by the department of agriculture as representative of growers and packers, professes himself entirely satisfied with the department's position as given to him and by him communicated to California. Mr. Griffin has also arranged with the state board of officials at Jamestown to follow the federal lead so that if reasonable care is taken in sulphuring there will be no interference this season with California fruits by either state or federal authorities.

"The packers already understand this perfectly and I trust that you will get it to the fruit growers. WILLIS L. MOORE, Acting Secretary of Agriculture."

"We never repent of eating too little," was one of the ten rules of life of Thomas Jefferson, president of the United States, and the rule applies to everyone without exception during hot weather, because it is hard for food, even in small quantities, to be digested when the blood is at high temperature. At this season of the year we should eat sparingly and properly. We should help the stomach as much as possible by the use of a little Kodol For Indigestion and Dyspepsia, which will rest the stomach by digesting the food itself, sold by L. S. Simmons.

Horses And Grass

A famous vetinary surgeon declares that grass beats all the drugs in creation as a cure for sick horses and mules. Horses should have a few quarts of grass daily, from spring until fall, he says. The prevalent notion that it is harmful is idiotic and cruel. Grass to horses is the same as fresh vegetables and fruit to us. Their craving for it proves their need of it. Yet ignorant, unfeeling drivers yank them away from it as if it were poison instead of the life-giving medicine it is, designed by their Maker for them. When they gnaw the bark of trees or eat leaves it is because they crave grass and can't get it. Millions of bushels of grass go to waste yearly by the wayside which should be utilized for our noble, faithful, helpless, dumb servants, the horse, thus making them healthy and happy.—The Buffalo Horse World.

Ten Years In Bed

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." L. S. Simmons.

Had Fine Time

A jolly party of friends chartered Joe Ryan's new bus and four, and drove over to Napa Soda Springs last Sunday and spent the day. In the party were, H. F. Bates and wife, S. B. Lewis and wife, C. E. Johnson and wife, G. H. Hotz and wife ane H. W. Gottenberg and wife.

Men Past Sixty in Danger

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now ninety years old. L. S. Simmons.

FOREST FIRES

The attention of all persons who inhabit or frequent the forested areas of California is called to the following abstract of the forest laws:

Stats. 1907 ch. 536. makes it a misdemeanor punishable by a fine of not less than twenty-five nor more than five hundred dollars to commit any of the following acts:

1 To set fire, or cause or procure fire to be set to any material being or growing on lands not the property of the person who sets such fire without the permission of the owner of the land, except that camp fires may be built on unenclosed land if the owner has not forbidden such building in any way and, provided the builder totally extinguishes the fire before leaving it.

2 To allow fires lawfully set to escape from the control of the person having charge thereof or to spread to the lands of another.

3 To build a fire anywhere (excepting camp fires, and fires set to facilitate redwood logging) during a dry season without first obtaining written permission from a fire warden.

4 To use any engine or boiler except such as use oil as fuel near any forest, brush or grass land unless such engines or boilers are provided with adequate devices to prevent the escape of fire from any part.

5 To refuse to obey the summons of any fire warden to aid in extinguishing fires. (Note: for this the fine is not less than ten dollars.)

Hay Fever and Summer Colds

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you it will give instant relief." The genuine is in a yellow package. L. S. Simmons.

How He Fixed It

A crafty old farmer named Glenn,
Of harvest hands need 'bout ten
He got from the city
A cook who was pretty
He easily hired the men.

John Riha, a prominent dealer of Vining, Ia., says. "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results." sold by L. S. Simmons.

Sutter county is making peach contracts with the canning companies on a $60 basis.

What a New Jersey Editor Says

M. T. Lynch, Editor of the Phillipsburg, N. J., Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it."

Eighteen carloads of California green fruits pass Sacramento daily.

Everybody loves our baby, rosy, sweet and warm,
With warm kissy places on her neck and dimples on her arms.
Once she was so thin and cross, used to cry with pain—
Mother gave her CASCASWEET, now she is well again. sold by L. S. Simmons.

Cherry orchards have proved valuable property this year some having brought a gross of nearly one thousand dollars per acre.—Cultivator.

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What What more can one do. L. S. Simmons.

One apricot grower, at Ventura, who had some exceedingly large, apricots, received for his green fruit $120 per ton.

Keep the pores open and the skin clean when you have a cut, burn, bruise or scratch. DeWitt's Carbolized Witch Hazel salve penetrates the pores and heals quickly, sold by L. S. Simmons.

It is estimated that 50.000 tons of dried prunes and 75,000 tons of raisins will be California's output this year.

DeWitt's Early Risers don't sicken or gripe. Small pills and easy to take, sold by L. S. Simmons.

Sonoma Will Celebrate

The patriotic citizens of Sonoma are enthusiastic over the coming celebration of Admission Day in the historic old town, the very place, above all others that should not allow the anniversary of California's admission into the sisterhood of States, to go by unnoticed. Next Monday evening, Sonoma Parlor, No. 111, N. S. G. W., will formulate plans for a rousing time, one that will eclipse anything of a similar nature ever given here.

Literary exercises, grand parade, games, horse racing and a grand ball in the evening, are among the attractions talked of. The usual low rates will prevail on all roads. The different parlors of the counties will be invited to participate in the celebration.

Let everybody boost the big celebration. Don't be a knocker. A knocker is a public nuisance and stumbling block in the way of a progressing community.

New Railroad to be Built

According to reports published in the San Francisco press Tuesday morning, orders are to be issued shortly for the assembling of men and material for the building of the extension of the Northwestern Pacific from Sherwood to Eureka, giving the latter city through connections with the metropolis. It is claimed that the money has all been subscribed and after all incidental expenses of floating the loan has been met, there will be $17,000,000 for the extension and improvements.

The report published says: "E. H. Harriman has sent orders to President William H. Payson and Vice President E. E. Calvin of the Northwestern Pacific to begin work at once on the construction of that line. These instructions came somewhat as a surprise, as it was thought that owing to the lateness of the season nothing would be attempted until early in the spring.

"The most difficult part of the undertaking is to be started first, that between Shively, 40 miles south of Eureka and Dyerville. The engineers in charge say that this is one of the most difficult pieces of work in the line between Willits and Shively. The country is exceedingly mountainous and the forks of the Eel river present almost insurmountable difficulties.

"In order to make an approach to the Eel river a tunnel 3,000 feet long will have to be built as well as strong abutments. Much other preparatory work will have to be done before the building of the bridge can be begun, it is estimated that these seven miles of construction will cost in the neighborhood of $3,000 000.

The surveys of the road from Willits to Eureka were destroyed in the fire. The plans have had to be reproduced and the cost of the production is said to have been at least $100,000. The gap from Willits to Shively is 110 miles long and the engineers believe that the cost of the line will be about $12,000,000."

Grand Officer's Visit

There was a large attendance of officers and members at a meeting of Valley of the Moon Chapter, O. E. S., held in Odd Fellow's Hall last Tuesday evening. Grand Matron, Mrs. Dudderar, was present and inspected the work of the Chapter which she found in a flourishing condition.

A banquet followed the regular work of the order.

CHEAP PASTURAGE

It's downright discouraging for people to attempt to beautify the city by planting trees, vines and flowers in front of their property or within cow reach of the front fence. So long as the streets and plaza of Sonoma are used as a pasture for cattle, it is almost necessary to build a stock-yard fence around your home topped with barbed wire seven feet high.

Cow feed costs something and so long as the streets and plaza can be used as pasturage, with impunity, some economical people will take advantage of the opportunity. People having gardens or shrubbery not intended as food for cattle, would do well to strengthen their fences and be sure to lock all gates before retiring at night.

Any other suggestion looking to wards a correction of the nuisance, will be gladly received by a long suffering public. There is already an ordinance against the feeding of stock on the public streets, so the suggestion of a law against it would be useless.

A Vicious Assault

Last Saturday night, a young fellow from San Francisco by the name of Sweeney, made a vicious and uncalled-for assault upon Louis Lamotte, of the El Verano Villa.

Going outside of the liquor store he procured a large stone which he hurled at Mr. Lamotte with deadly aim. The latter threw his arm up as a shield or otherwise he would probably have been killed. As it is, his arm is badly bruised. Deputy Sheriff Jos. F. Ryan arrested the fellow Sunday night and lodged him in the city jail.

Sweeney is only about eighteen years of age and has hitherto borne a good reputation. He promised to reform and leave the valley if given another chance. He was allowed to go for the present.

No Contest

The glove contest which was programmed for last Sunday afternoon did not come off. It seems that the contestants could not come to a satisfactory agreement.

SONOMA'S NEW CITY HALL

New City Hall

Work on the new city hall of Sonoma is progressing rapidly under the supervision of Mr. Shearer. Twelve men are at work now and more are expected soon. When completed, Sonoma City will have one of the handsomest and best city halls in this part of the state.

The cost of the building will exceed $20,000. J. B. Newman, of Napa is the contractor and A. C. Lutgens of San Francisco, the architect.

The El Verano Bridge

Work commenced yesterday on the fine new bridge across Sonoma creek at the El Verano Villa. When completed the new bridge will be one of the best in the county and will cost in the neighborhood of $15,000.

Engine Broke Down

The engine drawing the regular S. P. evening train north, broke down on the drawbridge across Sonoma creek, last Tuesday evening. The peculiar part of the accident was, that the engine could run backwards but not forwards, so the train was backed to Napa Junction to await the arrival of a good-rule locomotive that could work both ways. There was quite a load of passengers who did not arrive in Santa Rosa until 15 minutes of eleven p. m.

Franzinelli Estate

John Piva received special letters of administration Monday afternoon on the estate of the late Antonio Franzinelli. Deceased left money and property valued at about $750, consisting of the El Verano saloon, a roadside resort. The special administration is to provide for keeping the property open during the summer season when its greatest earning capacity exists. Attorney H. P. Matthewson of Sonoma represents the petitioner. Piva's bond, with Philip Rossi and Charles Danieli, as sureties in the sum of $750 each, was approved by Judge Seawell.

New Base Ball Club

A new base ball club has been organized in Sonoma and the members are now training for future events. Some time this month, a match game between the local club and a team from the metropoli, will be played.

NEW MASONIC HALL

Temple Lodge, No. 14. F. & A. M., of this city has decided to purchase the McHuvey lot on First street West, as a site for their new hall.

The lot is now occupied by Rambo's blacksmith shop, which will be torn down to make room for the new hall. Plans for the new home for the lodge have already been prepared and provide for a fine two-story structure, absolutely fire-proof. The building will be thirty-four feet wide and eighty feet long and contain a large store below and a lodge room, banquet room, etc., above. The estimated cost of the building is $10,000 and when completed will be one of the most substantial and convenient lodge rooms in this part of the State. A strip of land on the north side has been purchasd from the Aguillon estate, for a driveway to the rear of the building where horse sheds will be constructed for the convenience of out of town members who may drive in to attend the meeting of the lodge.

THE PRIZE WINNERS

In the Sonoma Resort Contest, started by the Expositor, and which closed Wednesday evening, the Sonoma Grove won the first prize, namely, a full page write-up of the resort in the Expositor and 500 booklets, illustrated, describing the beauties and attractions of the resort.

The El Verano Villa, Mrs. Nevraumont & Co., props., won the second prize, namely, a half page write-up, illustrated, of their popular hostelry.

The third prize of 1000 letter heads, 1000 envelopes and 1000 business cards, was won by Swiss-American Hotel, in El Verano. Phil Rossi, the proprietor will get 1000 printed letter heads, 1000 printed envelopes, and 1000 business cards for the Swiss-American.

Resolutions of Respect

To the officers and members of Valley of the Moon Chapter, No. 85, O. E. S.

Whereas, The allwise Creator in his infinite wisdom and mercy, has willed to call from among us our highly respected brother and past patron, Willis Catlet Goodman to the new Jerusalem, that city not made with hands,

Be it resolved: That while we deplore the loss of our loyal brother we must surrender to the "final summons" and may we, like our departed brother "go sustained and soothed by an unfaltering trust, like one who wraps the drapery of his couch about him, and lies down to pleasant dreams."

Be it resolved: That in the loss of our brother, Valley of the Moon Chapter, No. 85, O. E. S., has lost a true and faithful member and the community an upright and honest citizen whose life has stood for the highest ideals and has com- [illegible] respect of

Be it further resolved: That we extend to his bereaved relatives and friends, our heartfelt sympathy in this their hour of sadness. We regard him a most devoted father and a strong advocate of the teachings of our noble order

And be it further resolved: That a copy of these resolutions be recorded upon the minutes of the Chapter, a copy sent to his family and a copy be given to the local press for publication.

Every Tubular is just as durable, just as well made and just as economical as that one. The Tubular is the only separator holding such a record—the only separator that could stand such a test. Dairy Tubulars have waist low supply cans—enclosed self-oiling gears—a simple bowl suspended from a frictionless ball-bearing. I handle Tubulars and want to show you that they increase dairy profits 25 to 100 per cent. Come in when you can. Let me give you a catalog.

Do You Feel Chilly, Then Feverish and Ache all Over?

Feel Worn-out, Blue and Tired? Have You a Fresh Cold, With Frequent Hacking Cough? Sensation of Soreness in the Chest or Back?

Don't let your case run into bronchitis, or some other obstinate and dangerous malady. The very best medicine to take in such a case is Dr. Pierce's Golden Medical Discovery. Made without alcohol or dangerous drugs, it contains that rare combination of native medicinal roots that will allay a cough (iron it out, as it were), restore the circulation, assist the appetite and digestion, and consequently restore tone to the entire system. That is the reason people look happy once more after taking it—they feel like living, because their liver is active, the blood in their arteries is full of that life-giving quality—rich, red blood. The blood in turn feeds the nerves.

Nervousness and neuralgia are only the indication that the nerves are not fed on invigorating blood. This "Medical Discovery" of Dr. Pierce is nature's own restorer. It tones up the organism and invigorates its functions, furnishing to the body one of its necessary constituent principles of which it is in need.

This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is absolutely effective in restoring the blood and vigor to the entire system. It cures troubles of the stomach and at the same time the blood-vessels are given such a toning up as to throw off a cold. One very good reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons through the liver and kidneys. It then begins its reconstructive work in building up flesh and making good, rich, red blood.

"I have been a sufferer from indigestion for some thirty years, at times," writes Mr. S. W. Mullenax, of Circleville, W. Va., "and have used medicine from several of our best physicians, which gave me only a little temporary relief. They said I could never be cured. Last winter I was stricken with the worst spell that I ever had. I suffered with such severe pains in the pit of my stomach that I could neither work nor sleep, and my weight went down from one hundred and ninety-five pounds to one hundred and sixty pounds in about two months' time. I then concluded that I would try Doctor Pierce's Golden Medical Discovery. By the time the first bottle was gone, I felt some relief from my severe suffering so continued until I had used four bottles of 'Golden Medical Discovery.' I am truly thankful for the great benefit which I have received from your medicine, and can cordially recommend it to others."

It Stands Alone not only in respect to its ingredients but also as the only medicine for stomach, liver and blood disorders, which absolutely CONTAINS PURELY VEGETABLE AND PERFECTLY HARMLESS INGREDIENTS, WITH NO ALCOHOL.

It Stands Alone as the best alterative medicine, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "GOLDEN MEDICAL DISCOVERY" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

It Stands Alone as Nature's cure for many chronic diseases and its ingredients are: Golden Seal root, Queen's root, Stone root, Black Cherry bark, Bloodroot, Mandrake root, and chemically pure glycerine.

Remember, these are the ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce, over 50 years ago, and much imitated, but never equaled. Made of concentrated and refined medicinal principles, extracted from native American plants and roots, therefore purely vegetable and perfectly harmless. One little Pellet for a stomachic, or stomach and bowel regulator, three tiny granules for a cathartic.

FOLEY'S HONEY AND TAR

Cures Colds; Prevents Pneumonia

He Took a Hand.

Mr. and Mrs. Stockson Bonds are inveterate bridge whist players, and their home is the meeting place of bridge players of all grades. On one evening in every week they are "at home" to any of their friends who wish to play, and on other evenings they entertain parties of their own selection for games which range from a cent a point to a much higher figure. Recently, long after the house had been closed, a noise was heard downstairs, and, regardless of his wife's protests, Stockson Bonds went below to ascertain the cause. The noise continued and grew louder, but no answer came to the wife's calls from above. She became alarmed, opened the window, saw a policeman, and he made a rush for the basement door. A few minutes later the husband appeared before his panic stricken wife and told her he had found the servants playing bridge and wrangling over the propriety of a certain play.

"Did you send the whole party away?" asked the wife.

"Why, no. I took a hand and decided the question before I realized where I was."—New York Tribune.

He Held On.

"In a town back in Vermont one time," said a doctor, "a big, husky lumberman entered the office of a dentist I knew and showed the doctor a bad tooth. The dentist decided that the tooth should be pulled.

"'All right,' said the lumberman. 'But listen now. If I tell you to stop, you stop pulling or I'll beat you up.'

"The dentist agreed, and the lumberman got in the chair. The dentist took hold of the tooth and began pulling. Almost immediately the lumberman yelled, 'Hold on!'

"The dentist continued to pull. 'Hold on!' yelled the lumberman. The dentist kept pulling, and the tooth came out. Then the lumberman jumped from the chair mad.

"'Why didn't you stop when I told you to?' he asked fiercely.

"'You didn't tell me to stop,' said the dentist.

"'I did too! I yelled "Hold on!" twice.'

"'Oh,' said the dentist innocently, 'I thought you meant to keep hold of it.'

"The lumberman believed him and cooled off."—Denver Post.

Companionship of Books.

Will you go and gossip with your housemaid or your stable boy when you may talk with kings and queens, while this eternal court is open to you, with its society wide as the world, multitudinous as its days, the chosen and the mighty of every place and time? Into that you may enter always, in that you may take fellowship and rank according to your wish. From that, once entered into it, you can never be outcast but by your own fault. —John Ruskin.

Mislaid the Pudding.

Dinner was late, but when the mistress started to make a mild remonstrance the new maid was on time with her excuse.

"Sure," she said, with an irresistible Irish smile as she placed the soup on the table, "sure, I mislaid the pudding, and there I was hunting the house for it, and where would it be afther all but in the oven?"

Lincoln's Much Quoted Words.

Perhaps the most famous address ever made by President Lincoln is the one that he delivered at the dedication of the soldiers' monument on the battlefield of Gettysburg, and the words most quoted from it are "the government of the people, by the people and for the people." This phrase was no doubt an unconscious quotation, for the same words were used by Theodore Parker in an address to the Anti-Slavery society May 13, 1854. Nor was the phrase original with Parker. Daniel Webster in 1830 used the words "the people's government, made for the people, made by the people and answerable to the people." And even before Webster Chief Justice Marshall had expressed the same idea in similar phraseology.

What Puzzled Her.

A woman whose religious education had been received in the plain edifice erected by an unassuming New England congregation was persuaded, much against her will, to attend divine service in one of New York's most showy churches. She showed from the start that, notwithstanding her puritanical training, she was interested in the proceedings. She studied the elaborate ceremony, the architecture, the richly tinted windows and the altar decorations closely. By and by her eyes became fixed on the ceiling. Her friend wondered what particular feature of these lofty heights held her attention for so long a time. During a lull in the chanting of the choir she tried to find out.

"Oh," said the New England woman in tones of infinite concern, "I was just wondering how on earth they get away up there to dust the rafters!" —New York Post

A Curious Notice.

This curious official notice was once published in Germany: "At the request of Herr Wilhelm Leigsan of Innsbruck the seaman, Johan Leigson, who was drowned in May, 1860, on a journey from Stockholm to Hamburg in the Kaiser Friedrich, is hereby called upon by the courts to appear and report himself on or before April 1, 1881, under pain of being declared dead."

PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition. Safest, purest and best blood purifier on the market to-day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drug. 1204 doses for $1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Clewe's. John McNeil, sole agent for Sonoma County Ohm's Sulphur Springs, Sonoma.

Agility of Hares and Rabbits.

Interesting figures on the relative agility of hares and rabbits are given in a volume by J. G. Millais. "When running at ease," he says, "the length of the hare's stride is about four feet, but under conditions of fear its leaps extend to ten and twelve feet, while some authors claim that it can jump ten ditches twenty to twenty-five feet in width. Perpendicularly a hare can jump on to a five foot wall, but seems to be nonplused by one about six feet. The stride of the rabbit is about two feet. When necessary it can make leaps of six or seven feet horizontally. About three feet is the highest that a rabbit can attain to even when helped by the asperities of a stone wall." Mr. Millais tells how rabbits swim—when compelled to: "They swim with the head held as high as possible, while the hocks of the hind legs appear above the element at each stroke. The shoulders and front part of the body are buried beneath the water, while the rump and tail are high and dry."

Tyranny of Clothes.

Place a man in a silk hat and frock coat and transport him to a farmyard. Agricultural pursuits may be the one passion of his life, but clad in these garments he feels in such surroundings miserable, out of place, essentially urban. Clothe him, conversely, in flannels or knickers and place him in a church, and it is utterly impossible for him to assume a fittingly devotional frame of mind. Unlimited autocracy itself cannot impose such tyrannies on the subject. Civilization is the slave of its clothes, and there is no prospect of freedom. — London Graphic.

The Juice of the Grape.

The Arabs say that when the first grapevine was planted the demon Iblis sacrificed a peacock on the spot where the plant was set. As soon as it began to sprout forth he sacrificed an ape over it. When the grapes began to appear he slaughtered a lion, and when these were ripe he offered up a pig; hence it is that he who drinks wine feels at first as proud as a peacock and becomes subsequently as tricksome as an ape, as bold as a lion and at length as stupid as a swine.

Definitions.

Asked to define a suffragist, a British schoolboy answered, "A person who creates a disturbance." One boy described "surf" as "a form of seaweed which grows in the Pacific ocean." In an essay on the canine race a pupil declared that "small dogs improve by keeping," and another gave the singular of "twain" as "worsted."

There Yet.

Scott—My wife's mother has visited us only once in five years. Mott—That isn't bad. When do you expect her to pay her second visit? Scott—Oh, she hasn't got through her first yet.—New York Telegraph.

Then She Talked.

Reporter—Well, I've interviewed her. Editor—Did she talk without restraint? Reporter—I should say nit! She wouldn't say a word until her husband came in and told her to keep still.—Philadelphia Inquirer.

Daniel's Fame.

Deacon Jones—Why was Daniel the most popular man mentioned in the Old Testament? Brother Smith—Because he was lionized.

Where It Snows In Summer.

Snow, it appears, only falls in the antarctic in summer and on those rare occasions at other seasons when the wind blows almost due south, and, strange to say, these south winds are warm winds, raising the temperature to 50 or 60 degrees F. They seem akin to the snow melting Foehn winds of the Alps.
